We've done it again! Finally, after a lot of work behind the scenes, we have come up with the prize for next year's Kids Family Fishing competition: win travel to anywhere you want! Within a set value, you could be taking mum and dad, or the whole family, anywhere you choose.

This year's competition has similar rules to last year's competition: any time between now and the next Family Fishing Competition send in a photo of yourself and a fish that you catch. This time however, we ask that you put your OBC membership number on the back of any photographs, together with your name, age and phone number. A full set of rules can be picked up from the OBC office or get mum or dad to check out the OBC website under "Fishing competition".

Be in to win... get those photos of you and your catch in to 'The Family Fishing Competition', OBC, PO Box 42056, Orakei, Auckland, or you can email photos to: culley@xtra.co.nz. GOOD LUCK!

Mark Culley

PHOTO TIPS

Now, bear in mind that the aim of the Kids Family Fishing competition is about sending in a photo of you and your fish, not about sending in the best or the cleverest or the most unusual photo. However, we thought a couple of photo tips might help you and the fish too - especially if you're catching and releasing them.

1. Fish out of water

Try to keep your fish in the water as long as possible - try keeping it in a net under the surface for example - while getting ready for the photo to be taken. Having the camera on hand and ready to grab and use will speed this up.
