

sPrat chat

Last month I was very privileged to be asked to attend the OBC gala dinner and awards night. Unbeknown to me, I was to be awarded the 'Guy Heinrich Cup' for my services to the club!

Without the help of a lot of people, including all you kids, 'Sprat Chat' would not be here. I would like to thank all who have sent in stories, pictures and photos - this is what helps to keep it all going.

Mark Culley

We have had a bit of a run with entries into the fishing competition, please don't forget time is moving on fast and we don't want you to miss out on the chance to win the fantastic holiday for your family to Fiji.

We've also run out of your stories to print in Sprat Chat, so if you have thought about

sending some news in, now is the time to do it!

Please send all your photos and stories in to Mark Culley, C/- OBC Office, PO Box 42056, Orakei, Auckland or fax to 522 0774. Or you can email us: culley@xtra.co.nz. Remember to include your name and age.

In to win! FIJI

There has been some changes to the prizes for the kids section in next year's Family Fishing Competition and next year's competition has a trip to Fiji for two adults and two kids (under 12-years) up for grabs.

Entering is simple: First, catch a fish between now and the fishing competition in March 2009 and make sure someone takes a photo of you with the fish. Then, send the photo in to Sprat Chat (before the fishing competition) - don't forget to put your name, age and phone number on the back - and you're in the draw to win. It's that easy!

There are a few rules to make sure the competition is fair for everyone so get mum or dad to check out the OBC website under 'fishing competition' or call into the office and pick up a copy of the rules.

For more information about Fiji or any other holiday destinations please call our sponsors - North Harbour Corporate Travel, phone 448 2053. They have helped put this fantastic prize together. Please remember to support our partnering sponsors where possible.

Side to side

Can you find your way from one side of the maze to the other?
